

Friends of the FIP Privacy Policy

1. Privacy

Friends of the FIP exists solely for the purpose of bringing about change in the policies of the Fédération Internationale de Philatélie. Data has been taken only from publicly available philatelic websites, and through registration by individuals online.

Friends of the FIP is committed to maintaining high standards of security and confidentiality for information in its custody and control. Safeguarding this information is critical to us.

This privacy policy has been written using the United Kingdom Information Commissioner's Office (ICO) guidance. Friends of the FIP handles Personal Data solely as a Controller as defined in the General Data Protection Regulation (GDPR) approved on 27th April 2016, and in force from 25th May 2018. This data is stored exclusively in secure hosting facilities in accordance with the requirements of the GDPR.

2. Collecting and handling data

Friends of the FIP will hold and process the personal information which you provide via the Friends of the FIP website, or by submitting emails or online, or by postal or any other kind of form, for organisational and promotional purposes as set out above.

Other data comes only from digital public sources.

a. Digital systems

Data is held on a single server backed up to Google cloud services and internally.

b. Newsletters

When Friends of the FIP uses a third-party provider (e.g. MailChimp or other tools) to deliver its online information and newsletter services, these tools gather statistics such as email opening and clicks using industry standard technologies to help monitor and improve the service.

c. Use of Cookies

In addition to the information you submit to the Friends of the FIP via the website, Friends of the FIP may collect information about visits to the website including page browser access.

3. Data disclosure to third parties

Friends of the FIP does not sell personal information nor will it pass on online personal information to any organisation or individual outside of its control.
